Hydradermie² Lift

The "Immediate Lift" treatment - Hydradermie² Lift brings revolutionary youthfulness and renewed tone by stimulating the facial muscles and providing a massage that lifts the facial features. In the same way that body muscles are "sculpted" at a gym, this treatment adds a spectacular "lift effect" to your face after just a few sessions... without injections! In addition to treating and toning the skin, Hydradermie² Lift smooths facial features deep down through muscular exercise. As muscles are toned, they take on new vitality and skin becomes amazingly smoother. From the very first session, your face will look younger.

1 hr 15 mins Course of 6 (2 per week) €420
Course of 12 (2 per week) €820

Hydradermie² Lift yeux

The "Lift" treatment for eyes - To add new youth to your eye contour, your beauty therapist has a gentle, effective solution: Hydradermie² Lift Yeux. The muscles around the eye (the orbicular muscles) will be "exercised" to tone the delicate eye area and add new firmness. From the end of the very first session, small wrinkles are erased, crow's feet are smoothed and eyes look younger.

40 mins 2 per week €50

Hydradermie² Lift Deluxe

The "Ultimate Lift" Treatment - Hydradermie² Age Logic and Hydradermie² lift combined together.

Beauté Neuve Facial

Double Peeling Facial - The "peeling" treatment removes dull skin cells, letting the glow of new skin cells shine through. The fruit acids in Peel In gel penetrate between dead cells to break their intracellular links, after which Peel Out mousse will gently remove them. At the end of the treatment, Clarimasque with pure vitamin C regenerates the elastic fibres, enhancing a natural glow and lightening the skin. One treatment will restore a radiant complexion, while a course of three will reduce pigmentation marks on the skin, eliminating excess dead cells and allowing the skin to breathe again. Cellular renewal is acceleration, revealing a more youthful and radiant complexion.

1 hour Course of 3 €165

Liftosome Facial

Rejuvenating-Lifting treatment - Liftosome is a treatment completely dedicated to the firmness and youthfulness of the skin, due to the key active ingredient: Pro Collagen Concentrate, as well as the modelling effect of the Thermolift Mask. After the face is gently cleansed, Pro Collagen Concentrate is applied to the skin, followed by the Thermolift Mask which diffuses a gentle heat facilitating the penetration of the active ingredients. It redefines the skin and tightens the features. The liftosome treatment recreates the youthfulness and firmness of your face by diminishing signs of ageing. The treatment furthermore restores radiance and vitality.
