THE SPECIALIST WINE MERCHANTS

REAL WINES, WITH REAL SENSE OF PLACE

**AUTHENTIC WINES, MADE BY  
ARTISAN WINEGROWERS**

The growers we work with are firm believers that good, honest wines are made in the vineyards. Therefore, they spare no efforts to work their land and the vines therein sustainably. They use natural fertilizers, plough their land regularly, limit yields, use very little or no pesticides, harvest manually etc. The grapes are healthy and perfectly ripe, therefore requires very little intervention in the winery. The resulting wines show natural flavours, intensity and balance.

## DIRECT IMPORTS, KEEN PRICES

At Le Caveau, we feel passionate about our wines; we regularly tour the vineyards of France, Italy, Spain and beyond to source real wines, that truly represent their regions of origin. Sourcing directly means we can offer the best value possible.

*'... Le Caveau ... their gentle charm, patent enthusiasm and deep knowledge make a refreshing change from a marketing speak we hear too much of these days.'*

Raymond Blake, Food and Wine Magazine

*'Were I ever to open up a wine shop or restaurant, one of my very first calls would be to Le Caveau, a small family business in Kilkenny that is packed to the rafters with one of the tastiest selections of French wine in the country. All are hand-chosen wines from the very best small estates, mostly at very affordable prices....'*

John Wilson, Irish Times

*'Le Caveau is a gem ... it unveils its wine portfolio slowly, steadily, delightfully ... they import from more than 75 producers, and yet they never rest, always looking for new wines, new bargains, new frontiers, most recently their wonderful array of Italian wines ...'*
